Town Warrant

STATE OF NEW HAMPSHIRE.

TO THE INHABITANTS OF THE TOWN OF CLAREMONT, IN THE COUNTY OF SULLIVAN, IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS.

L. S.

YOU are hereby notified to meet at the lower assembly room in the Town Hall, in said town, on Tuesday, the tenth day of March next, at eight o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.
2. To choose a prosecuting officer.
3. To see what sum of money the town will vote to raise and appropriate to pay town officers for the fiscal year ending February 15, 1915.
4. To see what sum of money the town will vote to raise and appropriate for incidental expenses of the town for the fiscal year ending February 15, 1915.
5. To see what sum of money the town will vote to raise and appropriate for the repair of highways and bridges for the fiscal year ending February 15, 1915, and determine how the same shall be paid.
6. To see what sum of money the town will vote to raise and appropriate to pay the debts of the town.
7. To see what sum of money the town will vote to raise and appropriate for the support of the town's poor for the fiscal year ending February 15, 1915.
8. To see what sum of money the town will vote to raise and appropriate for the support of the Fire Department for the fiscal year ending February 15, 1915.
9. To see what sum of money the town will vote to raise and appropriate to pay for the use of hydrants for the fiscal year ending February 15, 1915.
10. To see what sum of money the town will vote to raise and appropriate for street lights for the fiscal year ending February 15, 1915.
11. To see what sum of money the town will vote to raise and appropriate for Memorial Day.
12. To see what sum of money the town will vote to raise and appropriate for the benefit of the American Band.
13. To see what sum of money the town will vote to raise and appropriate in aid of the Claremont General Hospital.

14. To see if the town will vote to raise and appropriate the sum of Fifteen Hundred Dollars (\$1500.00) for the support of the Fiske Free Library agreeably to the contract with Andrew Carnegie and Samuel P. Fiske.

15. To see if the town will vote to raise and appropriate the sum of \$2446.75 to meet payments maturing on or before November 1st, 1914, of principal and interest on notes issued by the School District to pay for new school building.

16. To see what sum of money the town will vote to raise and appropriate for the support of Stevens High School for the ensuing year.

17. To determine the rate of discount the town will allow persons paying their taxes within such period as the town may determine.

18. To see what sum of money the town will vote to raise and appropriate for the cleaning of the square and streets of the business part of the town.

19. To see what action the town will take to repair Pleasant Street from School Street to Prospect Street, raise and appropriate money therefor.

20. To see what sum of money the town will vote to raise and appropriate for oiling the streets of the town.

21. To see if the town will vote to raise and appropriate a sum not to exceed Two Hundred Dollars to lay a surface water pipe on Chase Street to connect with the Chestnut Street drain.

22. To see if the town will vote to instruct the Selectmen and Road Agent to macadam the highway known as Mulberry Street, from Sullivan Street to the foot of West Summer Street, and raise and appropriate money therefor.

23. To see if the town will vote to instruct the Highway Agent to reconstruct the culvert at the foot of Bible Hill and widen and raise the roadway over said culvert and raise and appropriate money therefor.

24. To see if the town will vote to raise and appropriate a sum not exceeding Four Hundred Twenty-five Dollars with which to purchase 500 feet of new hose and six new nozzles and stocks for the use of the Fire Department.

25. To see if the town will vote to raise and appropriate a sum not exceeding One Hundred Ten Dollars with which to purchase two new fire alarm boxes, one to be placed at the corner of Pleasant and Charles Streets and the other at the corner of Pine and Middle Streets.

26. To see what action the town will take in regard to enlarging and remodelling the present High School Building and raise and appropriate money therefor, or borrow money on promissory notes of the town for said purpose.

27. To see if the town will vote to raise and appropriate a sum of money to be used for the extinction of insect pests on our shade trees in the park and along the highways.

28. To see if the town will vote to install a police registering system with stations in various parts of the village to be determined by the Selectmen and Chief of Police, raise and appropriate money therefor.

29. To see if the town will vote to appoint a committee of three to

examine the business and accounting methods in various town departments, to employ advice, and to recommend such changes as in its judgment will promote efficiency and economy, and to raise and appropriate a sum not to exceed Three Hundred Dollars to cover the expense of such committee.

30. To see if the town will vote to have two permanent night policemen instead of one, and that they be required to register every hour from points to be designated by the Chief of Police.

31. To see if the town will vote to raise and appropriate the sum of Two Hundred Dollars, for painting and general repairs of the Town Hall and Opera House.

32. To see if the town will vote to raise and appropriate the sum of Seventeen Hundred Fifty Dollars for maintenance of roads under State aid.

33. To see if the town will vote to connect the supply for Pleasant Street Cemetery Fountain with one of the town's water mains, as the present supply is insufficient, and raise and appropriate money therefor.

34. To see what action the town will take in regard to more lights in the Streets of West Claremont.

35. To see what action the town will take in regard to placing a Fountain in or near the square, and raise and appropriate money therefor.

36. To see if the town will vote to authorize the Selectmen and Town Treasurer to refund the town bonds issued April 1, 1894, and known as refunding of Claremont and Concord Railroad Aid Bonds amounting to Fifty Thousand Dollars (\$50,000.00) which become due April 1, 1914, and take such action as shall be desirable in connection therewith.

37. To see if the town will vote to build a hose house at Draper's Corner for the better protection of property in that section, equip the same with a sufficient supply of hose, and raise and appropriate a sum not exceeding Four Hundred Dollars therefor.

38. To see if the town will vote to instruct the Selectmen to lease to Paul E. Tardiff at an annual rental of Seventy-five Dollars the tract of land situate at the corner of Tremont and Broad Streets, for the purpose of operating a lunch cart thereon.

39. To see if the town will vote the American Band the free use of the Town Hall such times as may be selected by them to the amount of One Hundred Dollars when the hall is not otherwise engaged.

40. To see if the town will vote the Fire Department the free use of the Town Hall one such night as they may desire to hold their annual Fireman's ball when the hall is not previously engaged.

41. To see if the town will vote to give the free use of the Town Hall at three different times during the year, of the Opera House once during the year when not otherwise in use, to the Ladies Union Aid Society for the benefit of the Claremont General Hospital.

42. To see if the town will vote to instruct the Selectmen to install an electric light near the last hydrant on the Charlestown road.

43. To see if the town will vote to instruct the Selectmen to oblige the Board of Health to perform the duties for which they are appointed and paid for, the Board of Health failing to do their duty the Select-

men to remove them and appoint a Board who will.

44. To see if the town will vote to discontinue that portion of Spring Street beginning at the blacksmith shop and running to Main Street, and instruct the Board of Selectmen to lay out anew said portion of Spring Street so as to include the road and sidewalks as the same are now used for public travel.

45. To see if the town will vote to release the guarantors of the extension of the water mains from Draper's Corner along Maple Avenue to and including the Sullivan County Fair Association grounds and Pinehurst, from further assessment under said guaranty.

46. To see if the town of Claremont will vote to place a hydrant in front of the Claremont Ice & Lumber Co.'s sawing and planing mill on Washington Street.

47. To see what action the town will take with reference to the restriction of the sale and use of dangerous explosives on or about July Fourth.

48. To see if the town will vote to instruct the Selectmen to correct the present numbering of the Streets of Claremont, using the same plan as formerly, and raise and appropriate money for the same.

49. To see if the town will vote to adopt the act of the New Hampshire Legislature approved May 21st, 1913, entitled "An act to protect the youth of the State."

50. To see what sum of money the town will vote to raise and appropriate to sprinkle Tremont Square and its approaches:

51. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-third day of February, Nineteen Hundred Fourteen.

Selectmen, Henry E. Charron, James L.
Rice, Wm. E. Burns, Earl F. Howe, Assis-
tant Moderator, each paid annual election
\$5 00; biennial \$7 00.

To the Public

In submitting the report one year ago the selectmen explained that the year then closed had been one of unusual activity in many of the departments, with consequent increased cost to the town. The past year has also been one in which large demands were made upon the revenues of the town in order to meet the cost of such work as, in our judgment, the interest of the town required should be done. The money raised by taxation and the usual miscellaneous revenues was not sufficient to meet the demands, and the result has been an excess of expenditure in several of the departments, especially those treating some of the sub-divisions of the highways.

No money was raised for the improvement of Winter street, the cost of which was \$2,488 47.

Two thousand dollars was raised for paving Broad street near the bridge. The cost of this work far exceeded the estimate, the total amounting to \$3,636 44. The cost of constructing in a permanent way, the several pipe lines under the street and the sidewalks, construction which was necessary, were large items in the excess of cost over the appropriation.

The cost of a retaining wall on the west side of the street near the Draper Corner culvert, as explained elsewhere, was \$686 61 in excess of the appropriation for completing the culvert.

The streets at Fairview were improved at a cost practically within the appropriation.

The excess of cost over the appropriation for new streets of the Quimby & Rossiter tract amounting to \$199 67 was repaid by Messrs. Rossiter & Quimby.

Drain pipes for surface water were installed on a number of the streets as voted by the town. The cost of these was \$1,245 53, an excess of \$145 53 above the appropriation of \$1,100 00.

No special appropriation was made for cleaning streets, the cost of which was \$405 00.

One thousand dollars was appropriated for oiling streets. \$787 25 was expended. From experience with this work, the officials believe it to be a good method where the street crowns and the surface is comparatively hard. Where the surface was soft or the street flat the result was decidedly unsatisfactory.

A new sewer was found necessary on Wall street, which was constructed at a cost of \$293 62.

One thousand dollars was raised for painting the West Claremont, the Lottery and the Connecticut River bridges. This work was completed at a cost of \$704 00.

The condition of several sections of highway was unusually bad in the spring of 1913, and the cost of repairing the same largely increased the cost of highway work.

About one and one-fourth miles of State highway were constructed under the direction of the State Engineer at a cost of \$5,046 28, as reported elsewhere. For the maintenance of State highways \$1,448 62 was expended by the town and state. The balance of the joint fund available for 1914 is \$180 79. The State engineer recommends the appropriation by the town of \$1,750 00 for this work. If the town makes this appropriation the State will contribute a like amount, making a joint fund of \$3,500 00 for 1914. It is the plan of the Engineer to use this amount in resurfacing and oiling the State roads already constructed.

The town issued \$69,000 00 of water works bonds to meet the cost of extending and improving the Water Works. The interest paid on money borrowed to meet the cost of the water works extension and improvement up to October 1, 1913, at which time the bonds were issued, was \$696 17.

After crediting this amount to Water Works as an asset, there remains an increase in the net indebtedness of the town of \$3,556 65 as shown by the financial statement.

The amount of orders drawn on the treasurer was \$329,028 68.

Respectfully submitted,

A. W. HAWKES,
L. H. COLBY,
GEO. O. JOHNSON.

Number of services added during the year	53
Number of services discontinued during the year	2
Total number of services Dec. 31, 1913	1,155
Number of meters added during the year	60
Total number of meters Dec. 31, 1913	668
Total number of leaks in main pipe during year	0
Water was supplied from the wells during the year	161 days
Total number of gallons pumped	69,754,560
Average amount gals. used per day from wells	433,258

At the last annual town meeting the voters of the town voted to borrow \$75,000 00 for the purpose of extending and improving the Water Works system.

The work done under this vote and the expense of the same is as follows: Turning brook above Straw reservoir, \$1,033 19; building Dole reservoir, \$28,050 65; raising Straw reservoir dam five feet, \$3,324 95; laying 8 in. supply pipe to Dole reservoir, \$3,637 78; laying 20 in. pipe from Dole reservoir to town, \$24,793 87; laying 12 in. pipe in Broad, Pine and Pleasant streets, \$2,685 41; engineering and inspecting, \$4,918 39. This work was practically completed during the year, the expense being \$68,444 24, including all land damages except damage for land taken from Fred M. Brown, Cyprian Bonneau, Jr., and heirs of Flora G. Caffrey, for which no settlement has as yet been made.

There is still due the Osgood Construction Co. under their contract \$1,500 00, making the actual amount paid out on this work to Dec. 31, 1913, \$66,944 24. There are also a few small bills unpaid, they not having been received until after the closing of the books for the year.

The above additions increase our storage capacity 35,000,000 gallons, making the total capacity of our reservoirs 67,000,000 gallons. This will not entirely eliminate the use of the pumping station, as water was

supplied from the wells 161 days during the past year, and the total number of gallons pumped was 69,754,560.

An analysis of the well water shows it to be of good quality when pumped, but vegetable matter grows very quickly in this or any other well water when stored in an open reservoir where it is exposed to the sunlight. This is largely what has caused the taste and odor in our water during the last season. All towns and cities using well water continually have found it necessary to cover their reservoirs in order to stop this trouble.

Permanent Improvement of Main Highways.

The amount of the Joint Fund available for State Road Construction during the year ending January 1, 1914, the amount of the same which was expended, and the unexpended balance are shown by the following table:

Balance in State Treasury Jan.		
1, 1913	\$	159 66
Balance in Town Treasury Jan.		
1, 1913		176 99
Contribution by Town for 1913		3613 50
Contribution by State for 1913		722 60
	—————	\$ 4,672 75
Town disbursements approved	\$4491	49
*State disbursements approved		179 55
†Unexpended balance in Town Treas-		
ury January 1, 1914		1 43
Unexpended balance in State Treasury		
January 1, 1914		28
	—————	\$ 4,672 75

*State disbursements indicated above are payments made by the State from the joint fund for surveys, plans, inspection and advertising.

†The balance in the Town Treasury remains for future expenditure in accordance with Chapter 35, Laws of 1905, and the regulations adopted by the Governor and Council.

The construction was from a point near the High Bridge to the Connecticut River Bridge a distance of one and one fourth ($1\frac{1}{4}$) miles. As the joint fund was not sufficient to complete the section, three hundred seventy-five dollars and twenty four cents (\$375.24) was taken from the joint fund for maintenance of state highways and carried to the construction account, making a total expenditure for construction of five thousand forty-six dollars and twenty-eight cents (\$5046.28). The items of expenditure appear below.

Special Highway Expenditures

IMPROVEMENT OF WINTER STREET.

At the annual meeting of 1913, after discussion, the matter of improving Winter Street was referred to the Selectmen and Highway Agent with full power to act. Extensive improvement was made by widening, draining, and surfacing. The work was done by the Highway Agent, and the items of his expenditure appear below. The entire cost including land damage appears in the Incidental account.

CULVERT NEAR DRAPER CORNER.

The construction of the culvert was not completed during 1912, owing to the lateness of the season, and the

balance of \$377 68 of the appropriation of that year was carried over to 1913 for completing the work. When the old culvert was removed, the retaining wall on the west side was found to be unsuitable, and a new wall became necessary. This largely increased the expense. The following shows the account, including the disbursements of the Highway Department.

CR.

Balance of appropriation from 1912	\$ 377 68
Elks' Club for lumber	32 12
From miscellaneous revenues to meet excess of cost	686 51

DR.

Nov. 3 Paid Geo. H. Stowell, treasurer of Fiske Free Library	150 00
This fund was originally five thousand dollars (\$5,000 00) which was materially impaired through losses resulting from loans made on western lands. By foreclosure and sale of lands, the fund has been gradually restored, and is now complete. The town still holds the title to the Milton A. Chase land, situated in Chase county, Nebraska, on which there was originally loaned \$400 00.

GEORGE H. STOWELL, Treasurer.

FISKE FREE LIBRARY TRUSTEES

The Library again this year shows a substantial increase in its circulation of books and in the use of its other departments. The daily average of books circulated is 105.

More teachers avail themselves of the privilege of

having books in their school room for the use of the pupils.

The interest in the Library is shown not only in the use made of it but also by the gifts to it which have been many during the year. They include three collections of engravings and a set of "Picturesque America" thirty volumes in Yiddish and sixty volumes from several different persons. The engravings were given by Mrs. E. J. Hendee, Mrs. Geo. Judkins and Mr. John L. Farwell, the Yiddish books by Mr. William Bloomfield, and Picturesque America by Mrs. Vaughan. Mrs. Charlotte Hendee Watson gave several interesting old books and many town reports including those mentioned in the following paragraph.

Gifts of items bearing on the history of Claremont included the town reports from 1849 (the first) to 1863, lacking 1850, 1859 and 1862, making the file complete with those exceptions. Several books published by the Claremont Mfg. Co., and others written by natives of the town have been given by Mr. C. B. Spofford. Messrs. Balcom & Stebbins have given their recent map of Claremont village.

Gifts added this year for the reading room are the Republican Champion (Newport) by the proprietor, Harper's Weekly, anonymously, the American City, by the Claremont Board of Trade, and the Daughters of the American Revolution Magazine, by the Samuel Ashley Chapter.

The Century Dictionary and Cyclopedia with the volumes of names and the atlas, a much needed work, has been purchased during the year.

Report of Board of Health

The Board of Health respectfully submit the following report for the year ending Feb. 15, 1914.

Number of cases of scarlet fever	10,	recovered	10,
" " Diphtheria	13,	" "	10,
		(3 now quarantined)	
" " Typhoid Fever	2,	recovered	1,
		(1 death)	
" " Tuberculosis	2,	two deaths,	one
		of which was a	resident of Vt.

In each of the above cases a thorough fumigation of the premises has been made. In addition they have fumigated the new North street school twice, the Way school and Bluff once each, and have furnished the materials for similar service under direction of the janitors in all the school houses.

By direction of the State Board of Health they also made an official inspection of every place of business where food products were manufactured or sold, a report in writing was also submitted to the Board of Selectmen.

At the direction of the State Board the source of supply of ice was investigated, and on our recommendation its harvest this year has been made from that part of the river above the sewage limit.

The question of sewerage for the town is one of great importance. At a recent meeting held in connection with the Y. M. C. A., Mr. Purrington, Inspector of the State Board of Health, remarked that the unsanitary conditions existing in certain parts of the village were not creditable. That some means should be adopted for a Scavenger Department, whereby these people might dispose of their garbage without throwing it in the river. Nearly, if not all of the sewage of the town goes to the river between the two bridges, and in low water is not sufficiently carried away. With the garbage and other

refuse disposed of by this Scavenger Department, and a Health officer to see that Rules and Regulations made by the Board were rigidly enforced, the conditions might be greatly improved. Twice during the year samples of water have been sent to the state chemist, one of which was of the supply at the "Stone Watering Trough," from which many people have taken their supply of drinking water. They reported that the water was pure. The recent legislature by enactment of a law, required that no public drinking fountain should have cups attached thereto, consequently they were removed. Since the removal of the public fountain in Tremont Square no place is provided for man or beast for water. Some place near the Town hall should be provided, and equipped with sanitary bubbling outlets for individual use and a generous basin for horses.

The State laws provide that each city or town may appoint one or more Milk Inspectors, whose duties are likewise prescribed. Your Board would recommend that the provisions of the law be complied with, and some suitable person appointed as Milk Inspector and his salary fixed in accordance with his duties. Samples of milk have been sent by individuals to the State chemist several times during the year, and found unsanitary; doubtless due to uncleanness about the buildings. It is not the duty of the Board of Health to do this as special provisions are made by law regarding so important a food supply.

During the year an addition was made to the "Town Dump," and the truckmen requested to take all refuse and garbage there. Ashes and other sanitary material have been disposed of largely at the "Kelsey dump," at the end of Wall street. Many towns have by popular accord adopted a "Clean-up Day," and the general results have been of such a nature that its continuance is a feature of spring cleaning for the town. We would suggest some similar appeal be given by the town officials.

Respectfully submitted,

G. A. ROWELL,
C. B. SPOFFORD,
F. E. S. BARNES.

Police Department

REPORT OF SUPERINTENDENT

To the Honorable Board of Selectmen:

I herewith submit to you the annual report of the Police Department for the year ending Feb. 15, 1914.

The force consists of two regular and four special policemen.

The number of arrests made were 133, of which seven were juveniles, and are classified as follows:

Drunks	81	Threatening murder	1
Sale of liquor	5	Larceny	5
Assault on officer	2	Grand larceny	2
Assault	14	Disturbing the peace	5
Insane committed	1	Bigamy	1
Passing bad checks	1	Arson	1
Deserter from the navy	1	Vagrancy	1
Wayward children	3	Non-support	1
Breaking town ordinance	4	Rape	1

Complaints were disposed of by the court as follows:

Paid fines and costs	71
Bound over to Superior Court	8
Committed to the County Farm	22
Discharged by the court	13
Committed to jail	2
Arrested for out of town officers	3
Committed to State Hospital	1
Committed to Industrial School	2
Sentence suspended on good behavior	7
Put on probation	4
Total	133

Number of tramps who had lodgings during past year	457
Business places neglecting to lock doors	14
House fires attended by the police	8
Cases investigated and arrests made	40
Lost children restored to parents	9
Lost articles restored to owners	20

All of which is respectfully submitted,

ELMER S. COLE, Supt. of Police.

Police Court

Claremont, N. H., Feb. 15, 1914.

To the Selectmen of the Town of Claremont:

Between Feb. 15, 1913, and July 1, 1913, actions were entered in the Police Court of Claremont as follows:

Juvenile cases	0	
Civil cases	8	
Criminal cases	45	
Amount received for fines and costs		\$337 23
Amount received for entry fees (8)		4 00
Amount received for executions (2)		34
Amount received for blanks sold		1 80
Amount received for fees in appealed cases		3 55
		<hr/>
		\$346 92
Paid witness fees in several cases	\$ 3 56	
Paid interpreter in two cases	2 00	
Paid E. L. Elliott, blank writs	6 00	
Paid F. H. Brown, com. and war. (2)	3 00	
Paid back costs advanced by complainants	5 74	20 30
		<hr/>
		\$326 62
1913		
May 15 Check to Town Treasurer	\$232 55	
July 1 Check to Town Treasurer	94 07	\$326 62

By act of the Legislature the Police Court of Claremont was abolished on July 1, 1913. Between that date and the time of the organization of the Police Court for the District of Claremont, cases were brought before me as Justice of the Peace as follows:

Juvenile cases	3
----------------	---

Civil cases	1	
Criminal cases	54	
Amount received for fines and costs		\$428 40
Amount received for fees in appealed case		2 18
		<hr/>
		\$430 58

1913

Nov. 13 Check to Town Treasurer	\$399 23	
Dec. 17 Check to Town Treasurer	31 35	\$430 58
		<hr/>

My fees and expenses in connection with the above business were as follows:

Comp., war., entry, exam. and mit. 9 cases		
@ \$4 00	\$	36 00
Comp., war., entry and exam. 38 cases @ \$3 00		114 00
Comp. and war. 6 cases @ \$1 50		9 00
Fees in appealed case		2 18
Paid interpreter in two cases		2 00
One recognizance		51
Paid I. G. Colby, services in juvenile case		3 00
Returned stolen money collected with costs		1 42
Use of office for court room from Feb. 15		20 83
		<hr/>
		\$188 94

1913

Nov. 13 Town order	\$147 60	
Dec. 17 Town order	41 34	\$188 94
		<hr/>

Respectfully submitted,

H. S. RICHARDSON.

Stevens High School

Committee Report

In June, 1913, a class of twenty-five was graduated and in September a class of seventy-nine entered. The enrollment in September was 184, a gain of 35 over last year. This year's graduating class is unusually small, only sixteen, while the eighth grade, with the year more than half through numbers seventy-nine. While a few of these will not enter the high school, there are always some pupils from outside towns, so that with ample allowance for shrinkage the school will be much larger next year. The seventh grade now numbers 98, and the sixth grade 119, so that this increase is bound to continue. We have made a computation of the probable enrollment for the next three years. We have made this computation as conservative and accurate as possible, using the figures and experience of the past year and a half as a basis for an estimate.

We find that the withdrawals last year during the school year amounted to ten per cent. of the enrollment at the beginning, that the losses due to failure to return in the fall was six per cent., that the shrinkage from the beginning of the eighth year in the grammar to the beginning of the high school was thirteen per cent. The post-graduates can be disregarded, as there is about the same number each year, so that what is lost from one class will be gained from another. Working out the computation on this basis, we shall have next fall 210 students, in 1915, 235 students and in 1916 the number will be 265. This is based on the assumption that gains and losses will run as they have been running. We have made no account of any increase of population due to the coming to town of new families, so that the figures given represent the situation as conditions are now.

Several factors are operating to increase our enrollment. The new and attractive courses, the increasing

value placed upon educational advantages by parents and pupils, the change to an eight year course in the lower schools, which brings many of the pupils to the high school a year earlier, the influence of the state child labor and compulsory education laws and the increase of population, all these tend to increase the number in the high school.

The school has been crowded this year. One class uses the principal's office in which there is room for six or seven chairs, and no chance for a blackboard. Three classes use the assembly hall, which was never intended for a study hall or a recitation room, and is too poorly lighted for such purposes. There are approximately 160 square feet of window space for 2,250 square feet of floor space. That is, there is only one square foot of window for about fourteen square feet of floor. The circular of the state department states that there should be one square foot of window to five square feet of floor. In other words the light in the assembly is a little over one-third what it should be, and even this is greatly diminished by the fact that the windows are set in recesses, so that a part of the light is lost.

The accommodations for the commercial department are exceedingly cramped and primitive. The type-writing room is only fourteen by ten, and has just room enough for seven typewriters. Next year twenty-nine pupils will take typewriting. The commercial department ought to have quarters by itself, with desks suitable for bookkeeping and more space for typewriters.

Next year the Junior class in English and in French, which have been small enough this year to recite in one division, will have to recite in two divisions. Sophomore French, Sophomore English and Sophomore geometry will have to recite in three divisions instead of in two. Sophomore commercial arithmetic will have to recite in two divisions instead of in one. This means that another teacher and more room will be necessary.

The corridor space is too small for the number we have now, and will be much too small for the number we are going to have. There are no cloak rooms, and there is no teachers' room.

Whether or not a high school building can accommo-

date its pupils cannot be determined by merely comparing the total number of desks and the total number of pupils. High school pupils do not remain in one room and at one desk as grammar school pupils do. We have seven periods a day, and every period sees an almost complete change of reciting and studying arrangements. In order to be adequate, the building must be able to provide rooms large enough for every class at every period of the day. If a class of thirty has to recite in a room that seats only twenty, the fact that there may be ten empty seats distributed in rooms on another floor does not help matters any.

These are the facts. This is the situation that confronts the high school. We have considered it our duty to acquaint the citizens of the town with these facts, and to urge the town to make suitable provision for the needs of its high school boys and girls.

The school has been fortunate in having only one change in the teaching staff, Miss Kelley, teacher of Mathematics, resigned for that best of all reasons, marriage, and her place has been acceptably filled by the appointment of Miss Gertrude E. Seaver, a graduate of Mount Holyoke College.

The manual training so auspiciously begun last year, has been continued with interest and success. Forty boys and girls are taking it as an extra study, and many of them spend noons and after school hours upon their projects.

A successful exhibition was held in the school building last June, and much interest was shown in the exhibits, particularly in manual training, drawing, applied science and commercial subjects.

We think that domestic science should be introduced. Its importance and desirability are coming to be generally recognized, and many schools in New Hampshire, smaller than ours, have already installed such a course. No study can be more important for a girl than the training in sewing, cooking, household sanitation and household management, which will make her more efficient as a home-maker. It might be well to start with a partial course, and employ a teacher who will be able

to give a part of her time to some of these extra classes of which mention has been made.

Several graduates of the commercial course have secured office positions without further training. A member of the class of 1913 started in a good position the Monday after graduation. Several seniors have secured valuable experience in doing outside work in offices before graduation.

Last May the New England College Entrance Certificate Board renewed the certificate rights of Stevens High School for another period of three years. About the same time Worcester Polytechnic Institute, after sending a professor to inspect the school, placed Stevens on the list of approved schools.

Last fall Stevens sent students to Harvard, Wellesley, Mount Holyoke and University of Maine. Two others returned for a post-graduate year with the intention of going to college next fall.

In order that domestic science may be installed, and the increased enrollment be provided for, we recommend that the sum of forty-five hundred dollars be raised for the support of the school during the coming year.

Respectfully submitted,

GEORGE A. TENNEY,
R. A. QUIMBY,
IRA G. COLBY,
A. L. FITCH,
W. E. KINNEY,

C. H. WEED,		
GEO. H. BOYNTON,		

Chief Engineer's Report

For the year ending Feb. 15, 1914, there were nineteen bell alarms and forty-two still alarms, not including brush fires, the report of which can be found under the report of the State Forestry Commission's agent. The bell alarms were as follows:

Mar. 27, 10:30 a. m., box 14, the Nott tenement on North street.

Apr. 3, 1:30 a. m., box 37, Charles Perry house, Tremont street.

Apr. 19, 7:10 p. m., box 26, Sullivan Machinery Co.'s shop on Main street.

Apr. 20, 3:30 p. m., box 37, Handley's tenement, High street.

Apr. 28, 3:15 p. m., box 3 twos, White's house, Green Mt.

May 9, 3:20 p. m., box 3 twos, Lozo's barn, Newport road.

Aug. 19, 5:05 p. m., box 37, Brooks' tenement, High street.

Sept. 12, 5:30 p. m., box 3 twos, Dole's pasture, Hanover street.

Oct. 9, 1:50 p. m., box 28, Cushion house, Middle street.

Oct. 18, 1:10 a. m., box 12, Monadnock Mills.

Oct. 27, 12:50 p. m., box 17, Hurd House, Pleasant street.

Oct. 31, 2:15 p. m., box 3 twos, White's house, Puckershire.

Nov. 16, 5:30 p. m., box 29, Nason house, Pleasant street.

Dec. 11, 8:50 p. m., box 13, Howe & Quimby's store, Pleasant street.

Jan. 10, 1:40 p. m., box 18, Claremont Shoe factory.

Jan. 13, 8:50 p. m., box 13, Claremont Power Co.'s office.

Jan. 15, 5:45 p. m., box 35. Roundy house, South street.

Jan. 19, 12:50 p. m., box 29, Mrs. Jewett's house, Pleasant street.

Feb. 6, 7:30 a. m., box 22, Frost block, River street.

Although there were a large number of alarms, the fires were not of a serious nature in way of losses. It has been provident that quick alarms and speedy response has done much to make it possible to fight the fires in their early stages.

HYDRANTS

There have been added six new hydrants in the following locations: Broad street, corner of Pine; Broad street, near Library; Forest street, west of Grand; High street, corner of Chapel; Pleasant street, corner of School; Winter street, opposite O. A. Bond's.

RECOMMENDATIONS

I recommend that the town purchase 500 ft. of hose, six new shut off nozzles, with pipe. Two fire alarm boxes, to be located at corner of Pleasant and Charles streets, and at the corner of Middle and Pine streets, both thickly settled sections that are not properly protected at present.

Through the experiences of past years in the way of still alarms and bell alarms for fire, I can feel that the recommendation for the purchase of a motor-driven chemical would not only prove a great benefit to the town, but would be the means of saving much property. It has also been demonstrated that it could be used to a great advantage any time during the year, and also that the maintenance would be less than a horse-drawn pattern. It could be maintained now, and housed under the town hall until a proper central fire station is built to house all the apparatus.

FIRE ALARM SYSTEM

The alarm system is similar to that of last year and is in satisfactory working condition. There has been one box added, 3 twos, a call for outside fires.

EQUIPMENT

The personnel and equipment of the department is as follows:

- Chief engineer and three assistants.
- Eagle Hose No. 1, 20 men.
- Eagle Hose No. 2, 5 men.
- Tiger Hook and Ladder Co. No. 1, 16 men.
- Steamer Claremont No. 1, 5 men.
- One hook and ladder truck and fittings.
- One Silsby rotary pump steam engine.
- One hook and ladder sled.
- One hose wagon and fittings.
- One hose sled.
- Four hand hose reels.
- Hose, 3,800 ft.
- Six pony chemical extinguishers.
- Drop harness for hose wagon and hook and ladder truck.
- One 65 ft. truss extension ladder.
- Two brace towers.

This report covers the work of the department in brief for the past year, and the work of the firemen as a whole can be highly commended, for which I feel personally grateful, and an appreciation of their efforts has been often expressed by the townspeople. Both engineers and firemen have worked hand in hand, and the general co-operation of the public has made the department what it really is, for which I wish to express my appreciation.

Respectfully submitted,

C. E. SEARS, Chief Engineer.

VITAL STATISTICS

In compliance with an act of the Legislature passed June Session, 1887, requiring "clerks of towns and cities to furnish a transcript of the records of the births, marriages and deaths, to the municipal officers for publication in the Annual Report," we submit the following:
